Greetings and good wishes!

We are living through one of the most challenging times of our lives. A near-invisible virus has brought the entire world to its knees. As we all grapple with the alarming number of infected people and the accompanying anxiety, I am reminded of the quote by Charles Dickens: "It was the best of times, it was the worst of times.....it was the season of light, it was the season of darkness, it was the spring of hope, it was the winter of despair."

Doctors, nurses and other healthcare workers have been infected by novel coronavirus in large numbers. Many have succumbed to the illness. What intrigues is relatively higher death toll among Doctors than others. More than 87k health staff have been infected with Covid-19 and 573 have sacrificed their lives so far. All the doctors invariably are demotivated than desaturated. Anxiety is more among doctors than nurses. Unacceptable fear of succumbing to disease is more than will to survive and live. Doctors have been made scape goats due to their call of duty and society has no gratitude. They are caught between foolishness to work and smartness to avoid but in the end they opt to avoid cowardice tag to become either sacrificial goats or plain lucky.

In the middle of an unprecedented public health crisis, the healthcare landscape seems to be facing yet another catastrophe—several doctors choosing to end their lives. The suicide of Dr S.R.Nagendra, Nanjangud Taluk health officer, allegedly after he was abused by an IAS officer, has exposed the tremendous pressure the medical fraternity is under to ramp up Covid-19 tests. Doctors in Mysuru went on strike for three days and returned to work on humanitarian grounds after the IAS officer has been transferred from Mysuru. Significantly higher proportion of doctors in Indian settings experience stress, depression and burnout which is

associated with long working hours, negative patient related outcomes, adverse doctor-patient interactions etc. Social distancing which has become a new norm has precipitated a mental health crisis. Formation of “IMA-KSB Psychiatry Cell” is definitely a welcome move in this regard. But this is not sufficient. We doctors should learn to be united and be firm on certain issues of our dignity and safety, without making any compromise, otherwise we will be the soft targets of patients as well as government. We representatives of medical fraternity and frontline COVID warriors request the government to work conjointly with all healthcare and administrative staff to ensure smooth functioning of the system.

The MEDIA is the Virus. People's behaviour is the PANDEMIC. Common sense is the cure. Lastly once again I request all my fellow doctors to choose wisely between life and duty. Stay safe and be connected.

Long live IMA.

IMA PRAYER

May everybody be happy
May everybody be healthy
May everybody be free from pain
May everybody be free from sorrow
May we be the healing cure
Beyond every greed & lure

FLAG SALUTATION

We, the members of Indian Medical Association stand here to salute our national flag.
Its honour and glory shall be our light and strength and its course shall be our course.

We pledge our allegiance to it and realizing our responsibilities as the
accredited members of this national organization, we swear
we will dedicate everything in our power to see it fly high in the comity of nations.

Jai Hind !

Long Live IMA!

The good physician treats the disease. The great physician treats the patient who has the disease.

President's Message

Dear esteemed members,

“Suicide doesn't end the pain, it just passes it on to someone else.”

We are very much moved by the death of our professional colleague Dr.Nagendra of Najananagudu. IMA KSB assured its whole hearted support to the protest organized by KGMOA. We also organized Black badge protest on 21st and 22nd IMA KSB did black badge protest and Candle light vigil on 23rd August to strengthen the fight and to express our displeasure.

Over the past five months, doctors are struggling to the physical toll of working long shifts in sweaty PPEs and boosting the morale of patients and families. Once they remove their medical coats to return home, the fear of putting their families at risk starts creeping in. They are not only facing the daunting task of handling patients, but are also fighting to keep their own worries and emotional stress at bay.

Doctors across the world work in toxic stressful conditions. With soaring levels of burnout, the Covid pandemic has the effect of stabbing a fresh wound. The long working hours, changes in patient and societal expectations, violence against doctors and recently the pressure and harassment from officials often are making them to take life or death decisions under considerable pressure. For several decades, it has been illustrated that rates of psychiatric disorders, especially suicide, are considerably higher in doctors than the general population.

In order to address depression, burnout and suicide, IMA KSB is planning some steps to ensure doctors are mentally healthy; through its Doctors for Doctors, “SANTHVANA” a helpline for IMA members. We are also planning to execute this & also organize self-help and awareness workshops in association with NIMANS Bengaluru.

IMA KSB requests all its members to follow expert advice for self-care, de-stressing, positive self-talk, and focus on the present to help you fight burnout. If feeling overwhelmed, don't hesitate to reach out for professional help. And even though it may not seem like it when you are deep in the trenches, rest assured, there is light at the end of the tunnel.

Our much awaited changes in the KPME registration and renewal process has become a reality. The requirement of Trade license, occupancy certificate for registration of our establishments has been removed. For renewal there is no need of reinspection & reuploading of the documents unless there is an up gradation. By paying a prescribed fee within time the registration will be renewed automatically. These are brought because of expertise, professionalism, and commitment that were made by IMA KSB and PHANA President Dr.Ravindra.R. of Suguna hospital Bangalore, Dr.Yogananda Reddy.Y.C. IMA KSB legal cell Chairman, Dr.Pavan Patil and Dr.Nagendraswamy who've made a great impression on bringing out these morphosis.

I request all the IMA State council members to attend the IMA KSB 296th State Council Meeting on 13-09-2020 at 10 AM through Zoom Meeting with Meeting ID: 594 076 5774 & Passcode: imaksb.

IMA KSB congratulates our President Elect Dr.Venkatachalapathi.M. for being nominated for the Karnataka Medical Council and wishes him.

Stay safe

Long Live IMA

- Dr. Madhusudana Kariganur

Secretary's Desk

Dear IMA members,

Hope everyone is safe, maintaining good health in this COVID pandemic.

As everyone is aware about mortality among the doctors is very high, i.e three times of the General population because of the viral load, you should take utmost precaution and spend less time with the patient, since non COVID patients are very risky.

Last Sunday lot of discussion happened in head quarters at President and secretaries meet about doctors mortality due to COVID.

Overall we have lost 296 doctors by 29/8/2020. In that more than 200 doctors were above 50 years. This clearly shows mortality is more in doctors who are more than 50 years.

Dear friends as majority of practitioners are more than 50 years cause young doctors will be working in major hospitals they take much precautions compared to senior doctors, one more reason senior doctors association with patients are little bit different compared to youngsters, they take more time and involvement also more.

Single doctors clinic is more dangerous especially with small cabins with less ventilation.

Dear friends you should take care, should give first priority to your health.

As everyone is aware our Doctors are undergoing lot of stress because of so many reasons may be because of more work,

- ❖ Devoid of leaves
- ❖ No relaxation
- ❖ Unscientific pressures from Bureaucrats.
- ❖ Rude behaviour of Bureaucrats.
- ❖ They will be seeing always suffering Covid patients.

We are very unfortunate of losing Dr Nagendra THO at Nanjangud because of suicide. Everyone faced lot of sorrows during this period, three districts doctors both Government and private doctors protested, our IMA Members in corresponding districts were there with government doctors, I should appreciate and thank full to all our members who has given moral support to our fraternity. Our president and whole IMA KSB Team stood like a rock with KGMOA.

We have written letter to IMA HQ Requested them to intervene, we are surprised to see their instantaneous response, they have written letters to central Health minister, our state

chief minister, health minister, chief secretary, etc.

They have all over India presidents secretaries on line meeting to discuss about the crisis and how to handle.

Ultimately they came to conclusion to advice every state

1. Not to keep quite by tolerating the insults.
2. Keep writing to Buriacrates about difficiencies repeatedly.
3. They have to be taken care by psychiatrists,
4. Head quarters given lot of responsibility to State IMA to tackle doctors problems.

By keeping all these option, IMA KSB initiated psychiatric help line under the chairmanship of Dr Karanth, senior IMA member and psychiatrist with Dr Jayanth, Dr. Ganesh prasad, Dr Harish, Dr Deepak its very fortunate in getting Dr Suresh Badmat psychiatrists com legal expert from Nimhans his role is fantastic in creating psychiatrists help line for our IMA DOCTORS, I have lot of confidence on these stalwarts, definitely our goal will be succeeded, in protecting our fraternity, more psychiatrists are joining the core group shortly.

We are facing lot of humiliation, Mental torcher, even financial crunch due to COVID.

You should have confidence in managing in all types of crisis.

IMA family we should stand together, help each other, stay together, work together..

Jai Hind. Jai IMA.

Women Vice President's Desk

Dear IMA Members,

Seasons Greetings and Best Wishes to all. I wish you all to be ***Hale And Healthy***. Every successful people have two things on their lips, ***Smile and Silence***. Smile - to solve problems, Silence - to avoid problems. Hope you all get it.

During this COVID 19 pandemic regime I couldn't do service to people, more over my age restricted me as a senior doctor to stay at home and be safe. My colleagues Dr.Srinivas, Dr. Pavan Patil repeatedly advised me to stay at home.

Few things what I have done I am writing here, On 5th Feb 2020 – IMA Bangalore branch organized mega health checkup camp and blood donation camp for the benefit of officers and traffic police of Bangalore South at IMA house Chamarajpete, Bangalore. Guests of honour were Dr. Madhusudhana Kariganoor president IMA Karnataka, Dr. Jayanthi Dean and director BMCRI who graced the occasion. With different diagnostic services and team of speciality doctors more than 300 people were screened and treated.

On 16th Feb. 2020 attended SWC meeting of IMA KSB at IMA house Bangalore. On 6th 7th and 8th march we had gone for branch visit Chintamani , Srinivaspura, Mulubagalu, KGF, Kolar, Malur , Bangarpet, Hoskote along with State president Dr Madhusudhana Kariganoor , President elect Dr.Venkatachalapathy , Dr Sharanappa Treasurer , Dr Soumya Divisional co coordinator . We were well received by the concerned branch President and Secretary, Thanks to all.

CME programme was arranged by KGF branch; coincidentally we were at the kolar IMA house to grace the International womens day occasion which was organized by WOMENS DOCTORS WING (WDW), Dr Narayanaswamy, Dr Hemavathy and myself also gave speech. In all the branches our president discussed administrative and functioning of the branches, IMA welfare schemes such as KSSS, KSHS, KPPS etc.

Later due to lockdown in the state was announced due to COVID 19 we could not visit other branches. My intention is Womens Doctors wing should be there, if not in taluk level at least at the district level. Chintamani and Kolar branches are having WDW, KGF branch has given assurance that they will form WDW.

April 14th 2020 attended webinar ; SWC KSB meeting. April 25th 2020 attended webinar “ Sudden Death in COVID -19” anchored by past national president Dr K K Agarwal, speaker was Dr R V Amruthan cardiologist from Madurai with our national leaders.

May 9th 2020 attended webinar on topic “ Vaccine for COVID-19” IMA resource person Dr K K Agarwal past national president IMA HQ anchored the webinar.

May 30th 2020 attended Bangalore branch EC meeting online. June 2nd 2020 attended webcast “Common Tips For Practicing Pediatricians”. June 14th 2020 attended the SWC “Hybrid” meeting at IMA House, Bangalore. June 27th 2020 webinar organized by HDFC and AMC 'Tough time –right decisions' by Dr. Radhakrishna Pillai. July 1st 2020 Doctors Day attended the celebration through video conference. Dr. Sudhakar Hon Medical Education Minister was the chief guest, function was presided over by President IMA KSB; where he addressed our problems very well.

July 25th 2020 attended zoom meeting organised by National chair person IMA Womens Doctors Wing (WDW) Dr Mona Desai, Topic: Prevention and Treatment of COVID 19, Infection and Myths about COVID 19 treatment; Speaker past National president Dr. K.K. Aggarwal.

August 2nd 2020 attended zoom meeting organized by IMA Karnataka state branch, resource person Dr Yogananda Reddy Y C chairman IMA legal cell, Presided by President IMA KSB.

“A positive thinker sees the invisible and achieves the impossible”

Like that State level “Women's Doctors Enclave” by webinar will be conducted next month.

I am grateful to all.

Long live IMA.

Comprehensive Ultrasound Scanning course

For all Doctors interested
in 2D Gynaec scans

Duration:
16 hours of
theory &
20 hours of
hands on
session

Ultrasound scanning is one of the main tools while diagnosing infertility and is very important to find out the etiological factors of infertility in both male & female patients.

It is very essential for monitoring the progress of ovulation induction protocols, for performing IUI procedure, for IVF stimulation protocols, for egg pick & finally embryo transfer. Each & every step of reproductive health scan needs this knowledge & technique.

GarbhaGudi Institute of Reproductive Health and Research (GGIRHR) brings to you "Transvaginal scan simulator" with cloud based library of cases pertaining to Obstetrics, Gynaecology and Infertility.

Trainees can now gain extensive knowledge and practice in Trans Vaginal Ultrasound that provide a comprehensive and high quality scanning experience. Scan simulator will help gynaecologists gain confidence in this hard-to-learn skill and allows them to obtain the competence required for their practice.

Course Highlights

Hands-on learning on the simulator as in a "real" patient, with the advantage of unlimited time on any case

Hundreds of real life cases on the simulator facilitates learning and acquiring superior scanning skills over a short period of time

Remote access to attempted modules, for trainees to review their learning
