*Editorial*

Dear IMA'ns,

Namaskar

Welcome to the Election Mousam!

We just witnessed the Bullet fight at Balakot and are now watching the Ballot fight! All political parties have begun high decibel low profile vicious campaign, nerve wrecking bad mouthed foul explicit statements proving the opposite party wrong. All media are awash with election news and the whole country seems to be psyched with forth coming Loksabha elections. But, our profession seems hopeful to heal the schizophrenia. All the leaders in the Chowkidar Chor Hai or the Main Bhi Chowkidar parties are busy making Nyay and Saral decree, but none have come out with a concrete manifesto yet. IMA headquarters with its leaders has worked in its own Chowkat (boundary) of health and has come out with its HEALTH MANIFESTO. In the recently held President and Secretaries meet at Headquarters, they discussed the health manifesto in detail and have launched "Health First" campaign. The branches have been summoned to propagate the Health Manifesto and Health First Campaign. Our IMA KSB president has sincerely done his homework and has given several media briefings highlighting the need to strengthen the rural health and health environment for public as well as doctors. He pragmatically demanded the need to hike the health budget to implement the same. It was amusing that IMA President's note was narrated in most of the dailies next to the interview of a health activist, who was speaking about the sickness in health and ills in the profession. May be our wise media men thought that only debates seek attention in election season! Elections and manifesto seem to come and go and the public memory remains short. Its time for us to ask about the implementation of the manifesto, whether political or medical. We all still remember one of the governing political parties in the state promising to make a doctor as the Health Minister if elected in its manifesto. But, it seems as though they are still searching for a medico with an electron microscope to fit the post in their cabinet and we seem to have an Alzheimer's on it. Its time we wake up and see that we fill medical men in governing and making policies for the profession to fulfill the manifesto lest, we will be spending our life time teaching the difference between a bacilli and cocci to our rulers.

We love democracy and therefore elections, but forget to follow the referendum in our prestigious institutions like MCI and KMC and have pushed them to the verge of extinct. We do love democracy but yield for dictatorship. We hate and fight corruption, but can't complete anything without corruption. We boast launching Shakti – Anti-satellite Missile in space, but struggle to eradicate tuberculosis from our air. We claim poverty in the public but crorepatists are queuing up the nominations for elections. The mud in the hands of our farmers yields them debts, but the earth in real estate fetches millions. And finally, they boast universal health in the country, but the health costs a universe to a poor man in our country. We are indeed a schizo – nation, but we love it and live by it. Therefore, we will leave aside all our emergencies and will march to vote in the month of April. We shall elect a reasonable and practical government which will look not only into the health of the public, but also, to the health of its medicos. Hopefully, the new government will bother much about the wealth allocated to health budget than the wealth earned by an individual doctor. May be, its time our leaders think of a 'ALL DOCTORS POLITICAL PARTY' in the coming years to implement our manifesto.

Happy Ugadi and Happy Voting.

Woman with Wings has come alive again. My many thanks to Dr.A.S.Mantgeniker, past President IMA KSB who took his time off to answer my several calls and quick fix all my queries about Dr.Sudha Kallianpurkar. I'm amazed at the commitment shown by him for my request and understand why our seniors are great in making us feel great. Earlier, writing Woman with Wings column was an exercise to me, but now it has become a passion. The greatest reward I treasure is the praise and blessings ushered on me by the family members of these woman doctors. They indeed make me fly high.

As always, awaiting your reciprocation,  
YOUR SUGGESTIONS ARE OUR STRENGTH.  
LONG LIVE IMA.

- Dr Vani Kori

### HFC Details (Membership Fee)

## *President's Desk*

My dear IMA family members,

Wish you all a Happy Yugadi and best wishes of the New Year.

Also I convey my heartily greetings to all for Ambedkar Jayanthi, Mahaveer Jayanthi and Good Friday.

Hope that the forthcoming year shall bring all wellness to our IMA and the medical professionals.

It is highly astonishing to note that some of the members of the fourth wing of democracy (media) are trying to blackmail the doctors by making false allegations. I appreciate the bold step taken by our doctors and defying them by successfully lodging complaints, and getting the culprits arrested. IMA KSB fully supports the members in this regard. I request such aggrieved members of IMA, who ever are defamed to file a defamation case against the offenders. It will definitely help us in preventing the recurrence of such episodes.

An important note- all the local IMA branches of IMA KSB are requested to have their own separate registration under Co-operative Societies Act, and to have their own PAN and TIN numbers, so as to have hustle free and transparent transactions. This fact was very much highlighted at the recent President and Secretaries' meeting held at IMA Hq., New Delhi on 16th and 17th March 2019, attended by myself and Dr. Srinivasa S., Honorary Secretary of IMA KSB. In this meeting some important points regarding health were presented as "MAGNA CARTA FOR HEALTH". IMA launched "Health First Campaign", to propagate the health manifesto amongst Lok Sabha election candidates, political parties and the public. I hope that all the branches of IMA KSB shall do this needful work urgently in view of the forthcoming elections. The copy of the health manifesto written in both Kannada and English is sent to all the members by Whatsapp and emails. I take this opportunity to congratulate Dr. Veena Bhat who translated the matter into Kannada just within 24 hours.

Through this initiative, for the first time in the history, IMA wishes to offer it services as a think tank, support and pressure group to the government both at the national and state level so as to bring health of the nation at the fore front on the agenda of the political parties.

In the last week of March, I happen to attend RGUHS convocation and IMA branch visits of Hosakote, Devanahalli, Kunigal, Mandya and Mysore. Dr Suresh Rudrappa senior vice president and Dr J Sharanappa accompanied me and motivated many members for IMAKSS and IMAKHS.

As a part of redeeming the tryst made by new team IMAKSB 18-19, we successfully organised two junior doctors' network programs at MMC and JSSMC Mysore. National co coordinator for junior doctors network Dr Abul Hassan delivered the key note address and about 332 junior doctors were registered.

The preparations of "IMA Kannada Barahagaarara Samavesha" are in full swing. I appeal to all the local IMA branches to send atleast 2 to 3 delegates from each branch.

The preparations of the "Lady Doctors Conclave" are at a slow pace and yet to gather momentum. For the first time in the history of IMA KSB "Lady Doctors Conclave" is being organised to bring the woman doctors to the fore front of IMA leadership. I request all the local IMA branches to send at least 3 lady doctors as delegates to the conclave.

None of our IMA programs and activities can be successful without the active involvement and participation of local branches; and hence I solicit for the same.

**Long Live IMA**

**- Dr. Annadani M Meti**

### *Secretary's Desk*

Dear IMA members

**Greetings from IMA -Karnakata State Branch**

*I wish all my dear friends Happy Ugadi and new year.*

Myself with president Dr. Annadani M. Meti attended "IMA Presidents/Secretaries All India meet " on 16 & 17 of March and discussed about the new health manifesto. We have forwarded the details of the meeting to all the presidents and secretaries of local branches of our state and requested to conduct branch meeting and press meet to update everyone. I hope everyone has got the information.

There was lot of discussion about membership drive and they are very much concerned about the IMA Strength. Even though we have more than 5 lakh Doctors in our country, only 3 lakh doctors have became IMA members.

On behalf of IMA-KSB, we request all our IMA friends to urge our doctor friends to become IMA members to safeguard our profession.

Dear friends we are getting information that black mailing tactics from media people are increasing day by day. I request your kind self to be careful and bring these incidences to IMA Karnataka State Branch notice as well as police so that culprits can be tackled by combined effort. Documentation is very important, everyone should be well worsed with medico legal knowledge and I also request all the local branches to conduct such workshops and train our members. We have very good social security, Professional Protection and Health schemes of IMA Karnataka. I request everyone to utilise the benefits.

**Jai Hind.**

**Jai IMA.**

**- Dr. S. Srinivasa**

## Woman With Wings

*Dr. Mrs. Sudha M. Kallianpurkar*

William Osler, one of the greatest icons of modern medicine is well known for his teachings and quotes. One of his quotes goes as “There are three classes of Human beings; Men, Women and Woman Physicians” He is undoubtedly right and I wouldn't bet his interpretation for my women featured in “Woman with Wings” column. With all my privileges to write about her, Dr.SUDHA KALLIANPURKAR fits the foil this month.

In an era when Hubli was not very near to Bangalore and IMA KSB's official posts were a great distance to woman, she assumed the Chair of IMA KSB President in the year 1981.Until date; she is one of the only three women who have got into the top of that rise.

Dr.Sudha Kallianpurkar was not a jack but a master of all that she could do in ones life time. She was a famous Obstetrician, Musician, Artist, Educationist, Social activist and in a word, a Renaissance woman!

Dr.Sudha Kallianpurkar was born in the year 1921 as the eldest daughter of late Shri Vithal Rao Sirur, a well known advocate of Dharwad and his wife Vatsala. Having completed her schooling and pre medical from Dharwad, she joined the Grant Medical College Mumbai and had procured a scholarship. She completed her M.B.B.S and later her M.D in Obstetrics and Gynaecology form the Lady Cama Hospital Bombay and was the first to obtain a masters degree in that field from North Karnataka.

She commenced her private practice in the year 1952, joining City Clinic, where lateDr.G.V.Joshi had already established himself as a general surgeon. Being beautiful not only in her looks, but also in her deeds and dedication, she rendered a selfless service to her patients as SUDHA THAI (elder sister) for four decades.

She was married to Shri.Mohan Rao Kallianpurkar, a doyen of the Kathak from Luknow Gharana who was bestowed with the prestigious Sangeet Natak Academy award by the then President of India – Sri. Sarvepalli Radhakrishnan. She was herself a musician and the couple nurtured the art in its every essence. She was an active member and a liberal donor at the Hubli Arts circle and the New Education Society. Being soft spoken, she could step well with her husband who belonged to a categorically different profession and an international

celebrity. She was the backbone of the family, an adorable wife who encouraged her husband to pursue the art of Kathak at Bhatkhande College of Music at Luknow, while she stayed back at Hubli looking after her three children. With her ethical etiquettes, she gathered large clientele and made it a principle that she never charged for those patients whom she attended as an emergency at their homes. She even conducted deliveries at unearthly hours free of cost at patients' homes. She is the best mother her children could have who preached them not to charge anyone at times of distress and grief and be satisfied with the joy of saving and savoring a life. Her two sons, one an engineer in USA and the other an Orthopaedician at Hubli with their sister in Bangalore survive their mother's principle. The most pious lady being in her, she would never step out of her house without performing pooja.

Being a busy Obstetrician, she never lacked of time to serve society and was chosen to be the President of IMA Hubli, and later, the President of IMA KSB. She traveled all around the globe enriching her knowledge and dispensing her love, affection and skills to all around her. She never wanted to publicize her good work for the sake of awards and died an unsung legend. She was operated for Menigioma brain at Mumbai. Though the surgery was successful, there was a recurrence. She faced her ailment bravely without a single complaint to her attendees. She spent last 10 days of her life at home in a state of coma and breathed her last at the age of 69 years. Some doctors continue to solace their patients even after they are gone, and it's a reality to see such a scene in her hospital where her patients bow their heads in front of her beautiful portrait and shed their tears. May her memory heal them speedily!

Dr.Vinod Kallianpurkar as told to Dr.A.S.Mantgeniker, Past President, IMA KSB)

### IMA PRAYER

May everybody be happy  
May everybody be healthy  
May everybody be free from pain  
May everybody be free from sorrow  
May we be the healing cure  
Beyond every greed & lure

### FLAG SALUTATION

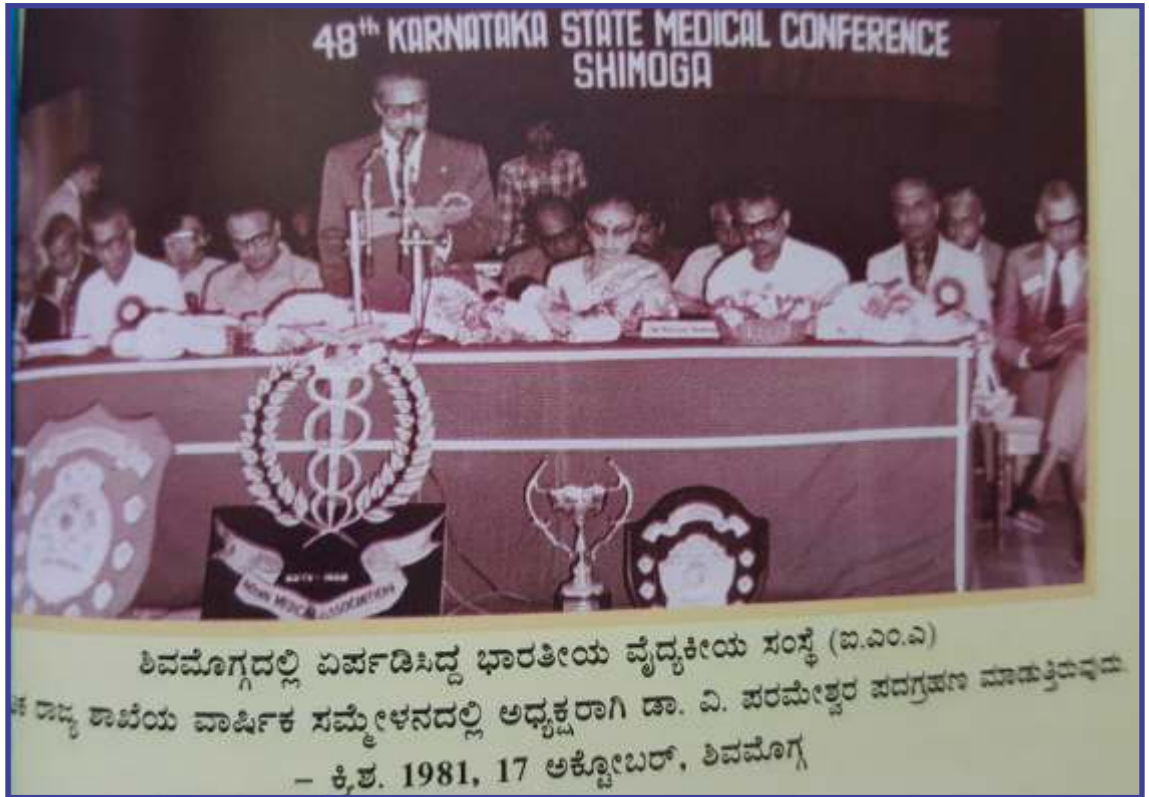

We, the members of Indian Medical Association stand  
here to salute our national flag.  
Its honour and glory shall be our light and strength  
and its course shall be our course.  
We pledge our allegiance to it and realizing our responsibilities as the  
accredited members of this national organization, we swear  
we will dedicate everything in our power to see it  
fly high in the comity of nations.  
**Jai Hind !** **Long Live IMA!**

## Treasure Hunt

Searching the pages of past in the IMA KSB history, I found this photograph which was oath taking ceremony of Dr. V. Parameshwara, the founder of IMA FOCUS at my Alma mater Shimoga on 17th October 1981 @48th MEDICON. The interesting part is, he was taking charge as the IMA KSB President by the immediate past President of IMA KSB Dr.Sudha Kallianpurkar.

*Memories that time may not erase from the pages of IMA KSB.*

Indian Red cross Udupi branch and Viyarathna nursing college students too joined hands. On 17/03/2019: IMA Udupi Karawali along with AGE (Antibiotic Guardianship and Education), KMC, Manipal, had a day long CME / Workshop on SMART ANTIBIOTIC USE for members of IMA Udupi District by involving IMA Kundapur and Karkala branches. ICMR sponsored this programme. This was well organised and attended by 114 members. Karnataka Medical Council has granted 2 credit hours for this CME. This CME was about antibiotic resistance and how to make use of available antibiotics, judiciously. IMA UK is taking this challenge seriously and planning to take it beyond the IMA to public health domain. We had a press conference prior to the CME in that direction. We intend to formulate clear guidelines and protocols for different specialty groups and general practice.

## IMA'S KARNATAKA SOCIAL SECURITY SCHEME

IMA House, Bailappanavar Nagar, Hubballi-29  
Phone no. 0836-235 56 56

IMA KSSS

- 1) Silver Jubilee scheme was started on 16-3-2014 at Mysore. Within 5 years its membership strength has crossed 1000 members & we have kept the promise of giving 25 lakhs to the bereaved families.
- 2) In case of old scheme, initially 4.25 lakhs death benefit was given. It has now reached 1700 members and KSSS is successful in giving more than 15 lakhs to the bereaved families with the strong support of all participants.
- 3) **Feel Proud to inform that, KSSS has successfully bought & got registered the 50x80 =4000 sqft plot at the cost of around 65 Lakhs [Including registration charges] in the prime area in front of the Airport at Hubballi for its own future building.**
- 4) In the KSSS website members can see their entries about the status of membership / defaulter / terminated/renewal of members, and demised members in both the schemes.
- 5) All MC meeting's proceedings / minutes / Annual General body meeting resolutions are uploaded to the website from time to time.
- 6) All the KSSS members are requested to pay their DFCs within the stipulated time as given in the notice which have reached you already.
- 7) Our aim is not a single member to be announced as defaulter
- 8) Transparency is the main motto, which has helped in manifold to reach this height of having 7.5 crores of deposits in both the schemes.
- 9) The KSSS dream of giving 1 crore to the bereaved families is possible when 4000 members get enrolled to the scheme, for which all IMA Life members and office bearers of local Branches should take initiation.
