"If you FAIL, never give up because F.A.I.L. means "First Attempt in Learning". END is not the end; in fact E.N.D. means "Effort Never Dies". If you get NO as an answer, remember N.O. means "Next Opportunity" by A P J Abdul Kalam.

My warm regards to all the members,

Wishing you all a very happy doctor's day.

IMA KSB had put up a great successful show of doctor's day celebration adding the new face of medical quiz which has pulled the medical students to smell the fragrance of IMA while they are still budding.

Sincere Congratulations to all the Doctor's Day awardees who deserved every bit of this recognition and appreciation for the enormous work they have done to the society and to the fraternity.

My heartiest congratulations to Dr. Yogananda Reddy sir who received prestigious National Doctor's day award, making all of us proud and upholding the flag of Karnataka at the national level.

Our success in influencing or elevating others is in proportion to their belief in our belief in them... let these honours be an example to all the new generation doctors and influence them in building their career in this profession, which requires not just the degrees but lot more as a person.

1) National doctors day on 01.07.2022: "Family doctors On the front line"

We all by now must be knowing the importance of doctor's day celebration but the theme for this year is the one which has to be emphasized on.

July 1st is observed as National Doctors' Day in India to express gratitude and acknowledge the dedication and commitment of the doctors' towards our society. The observance of the day honours legendary physician and West Bengal's second Chief Minister, Dr. Bidhan Chandra Roy whose birth and death anniversary coincides on the same day.

We all know the world still continues to fight the unprecedented global health challenge i.e. pandemic, consequences of pandemic and the lack of access to quality healthcare along with insufficient resources and lack of coordination in health sectors. These all have left the patients struggling to get healthcare, which in turn is partly responsible for violence against doctors.

The theme for this year is **"Family doctors on the front line"**

Family physicians do not just treat diseases, they take care of people and acts as leaders in the front-line of healthcare workers. In India roughly 50% of the population still seek their first line of care from informal health care providers such as traditional healers or pharmacy owners. The theme highlights the relevant challenges and responsibilities of family doctors in this Infodemic world.

The current healthcare system in India is very complex, ranging from well-equipped and advanced

hospitals with specialist doctors to inadequate public health services at the primary care level. With the recent advancements in the medicine and division of the practice into specialties and super specialties, are we moving away from this practice of family medicine??

Although healthcare resources are growing, the healthcare system remains largely under served and unequally distributed. As there already exists a shortage of physicians and healthcare infrastructure across the board, the absence of family medicine physicians further exacerbates the healthcare gap.

There is a need for implementing a robust network of family medicine practitioners and primary care could be delivered at low costs. The tradition of the family doctor is gradually declining in India due to the increasing demand for specialization in medicine and lack of knowledge about family medicine.

With the increasing complexity of health care, people often feel lost in multi specialty healthcare settings. They need a person who can address their apprehensions about their health and guide them to take preventive steps to maintain their well being and take timely action during illness.

Departments for family medicine should be set up in medical colleges all over India. The necessary steps should be taken to incorporate the family medicine curriculum into the undergraduate MBBS curriculum. The number of medical colleges offering postgraduate residency training in family medicine should be increased. Public healthcare institutions and organizations should be educated regarding family medicine. In order to improve rural health services in India, sufficient numbers of rural family doctors are also needed, which can be achieved by improving and expanding family medicine specialty in India.

As India continues to experience rapid increase in population every year, access to affordable, quality healthcare will continue to pose a challenge. Family medicine practitioners can play a big role in providing easily accessible, low-cost, high-quality healthcare to not just rural populations but also in urban centres.

2) World Population Day 2022 on 11.7.2022

It is observed on 11 July. It was inspired by the public interest in Five Billion Day on July 11, 1987, the approximate date on which the world's population reached five billion people. World Population Day aims to increase people's awareness on various population

issues such as the importance of family planning, gender equality, poverty, maternal health and human rights. The current world's population is 7.6 billion and is expected to reach 8.6 billion in 2030, according to UN report 2017. Roughly 83 million people being added to world's population every year. India with 1.3 billion people contributes to 18 % of the global population respectively. Very soon India will surpass that of China. As health care professionals we should provide the correct guidance to the patients about the importance of family planning.

3) World Hepatitis Day (WHD) :- 28.07.22 "HEP can't wait"

Observed on 28 July bringing the world together under a single theme to raise awareness of the global burden of viral hepatitis and to influence real change. In 2022 the theme is "Can't Wait to get tested for hepatitis".

It will highlight the need to accelerate the fight against viral hepatitis and the importance of testing and treatment for the real people who need it.

The date of 28 July was chosen because it is the birthday of Nobel-prize winning scientist Dr Baruch Blumberg, who discovered hepatitis B virus (HBV) and developed a diagnostic test and vaccine for the virus. Low coverage of testing and treatment is the most important gap to be addressed in order to achieve the global elimination goals by 2030. On World Hepatitis Day 2022, WHO is highlighting the need for bringing hepatitis care closer to the primary health facilities and communities so that people have better access to treatment and care, no matter what type of hepatitis they may have. WHO aims to achieve hepatitis elimination by 2030. We should provide awareness about the spread of the disease and the varied diagnostic and treatment modalities. Emphasize on the preventive aspects of the disease.

I thank Dr Ravindra sir, Suguna hospital Bangalore, Tathagat Heart Hospital Bangalore. Dr Srinivasan Velu , Srinivas Health Care, Bangalore for sponsoring the present and the previous issues.

ಎಲ್ಲರೂ ನೋವಿನಿಂದ ಮುಕ್ತವಾಗಿರಲಿ,
ಎಲ್ಲರೂ ದುಃಖದಿಂದ ಮುಕ್ತವಾಗಿರಲಿ,
ಎಲ್ಲಾ ಆಸೆ ಆಮಿಷಗಳನ್ನು ಮೀರಿ
ಗುಣಪಡಿಸುವವರು ನಾವಾಗಿರಲಿ.

Beyond every greed & lure

ಧ್ವಜ ವಂದನೆ

ಭಾರತೀಯ ವೈದ್ಯಕೀಯ ಸಂಘದ ಸದಸ್ಯರಾದ ನಾವು ನಮ್ಮ ರಾಷ್ಟ್ರಧ್ವಜವನ್ನು ವಂದಿಸಲು ಇಲ್ಲಿ ನಿಂತಿದ್ದೇವೆ.
ಅದರ ಗೌರವ ಮತ್ತು ವೈಭವವೇ ನಮಗೆ ಬೆಳಕು ಮತ್ತು ಶಕ್ತಿ ಮತ್ತು ಅದರ ಪಥವೇ ನಮ್ಮ ಪಥವು.
ಮಾನ್ಯತೆ ಪಡೆದಿರುವ ರಾಷ್ಟ್ರ ಸಂಸ್ಥೆಯ ಸದಸ್ಯರಾದ ನಾವು ನಮ್ಮ ಜವಾಬ್ದಾರಿಗಳನ್ನು ಅರಿಯುವ ಮೂಲಕ
ನಮ್ಮ ರಾಜನಿಷ್ಠೆಯ ಶಪಥ ಮಾಡುತ್ತಿದ್ದೇವೆ. ನಮ್ಮ ರಾಷ್ಟ್ರ ಧ್ವಜವು ಉನ್ನತ ಮಟ್ಟದಲ್ಲಿ ಹಾರಾಡುವ
ಸಲುವಾಗಿ ನಮ್ಮ ಅಧಿಕಾರದಲ್ಲಿರುವ ಎಲ್ಲವನ್ನೂ ಅದಕ್ಕೆ ಸಮರ್ಪಿಸುವ ಪ್ರಮಾಣ ಮಾಡುತ್ತಿದ್ದೇವೆ.
