It's a pride moment for me and to IMA-KSB that Three IMA branches were revived. IMA Anekal Branch revived after 36 years. It was due to the sincere efforts of Dr Narayanaswamy, President and Dr Pradeep Secretary of IMA Anekal Branch.

IMA- KSB Congratulates the office bearers and Members for reviving the branch after 36 years.

Secretary's Message

Dr. Suriraju V.

August was truly a month of activity, energy, and progress for our IMA.

First, my heartfelt congratulations to all the Teachers' Day Award winners. Your contributions to the profession and the community are invaluable, and we take great pride in celebrating your achievements. I request all members to join in large numbers with registrations for the IMA AMS State Conference – COMPOST 2025 on 6th September at Chitradurga, so that together we can honor and applaud our awardees in a fitting manner.

The month also saw us engaging with some important challenges. The foremost among them has been the ongoing Fire NOC issue. Hospitals continue to face hurdles in meeting requirements, but IMA has stood strong. Thanks to the tireless efforts of Dr. N.T. Srinivas, Dr. Dhananjay, and Dr. Ranganath, we were able to connect effectively with key authorities. Under the leadership of Dr. Chiniwalar, IMA Karnataka played an active role in ensuring our concerns were presented strongly. Even the Health Commissioner clearly conveyed the difficulties faced by doctors and hospitals. This united effort has given us renewed hope that solutions will soon be in sight.

Another highlight of the month was our fight against quackery. This long-standing problem has always troubled both doctors and patients

alike. IMA took the lead and convinced the Government to take a firm stand, which has resulted in strict orders being issued to all concerned authorities. However, our work does not end here—each branch and each member must remain vigilant, reporting violations promptly to the DHO so that strict action follows.

Alongside these external battles, we also turned inward to reflect on health and wellbeing. While physical health has always been our priority, mental health is now emerging as an equally important challenge, particularly for our students and fellow doctors. The message is clear: let us care for ourselves, extend support to one another, and ensure no colleague feels alone in this journey.

Finally, the strength of IMA lies not only in its members but also in the active involvement of our sister organisations. At a time when running hospitals has become increasingly challenging, IMA can be the collective voice that stands tall. I appeal to all members to encourage wider participation, bring more colleagues under the IMA fold, and make our association stronger than ever.

August has shown us that when we come together—with unity, persistence, and care—we can achieve great progress. Let us carry this spirit forward into the months ahead.

Jai Hind!

Jai Karnataka!

Long live IMA!
